 Mysore, karnataka

Enthusiastic and self-motivated web developer with a solid foundation in HTML, CSS, JavaScript, and React. Eager to join and contribute my skills in frontend development to create engaging and user-friendly web experiences. Through various personal and academic projects, I have developed a keen eye for detail and a passion for building efficient, responsive websites.

Experience

- Assistant Officer, DBS BANK INDIA LIMITED2016- 2024

 - Customer Service: Provided exceptional customer service by assisting clients with their banking needs, resolving inquiries, and handling transactions efficiently.
 - Transaction Processing: Processed a high volume of transactions daily, including deposits, withdrawals, transfers, and loan payments, with a high degree of accuracy.
 - Problem-Solving: Identified and resolved customer issues promptly, contributing to increased customer satisfaction and retention.
- Assistant Technical support , REAL IMAGE MEDIA TECHNOLOGIES PVT LTD2016 - 2024

 - Technical Support: Provided technical support to staff and clients, troubleshooting hardware and software issues to ensure smooth operations.
 - System Maintenance: Performed regular maintenance on computer systems and networks, including updates, backups, and security checks.
 - Installation and Configuration: Installed and configured hardware and software systems according to organizational standards and user requirements.

Projects

- Responsive Personal Portfolio Website: Designed and developed a responsive personal portfolio website to showcase web development projects and skills.
- Restaurant Reservation System: Built a web application for restaurant reservations, allowing users to book tables, view available time slots, and manage reservations.
- Task Management System: Created a task management application with CRUD functionality to help users organize and track their tasks.
